6. For the \$20,254 in Emergency Financial Aid Grants distributed in this quarter, a priority was given to those students who were in greater financial need. Grants were distributed proportionately based upon individual need while referring to students' EFCs and Pell distribution amounts. The other criteria for determining which students were eligible included the following two main factors... 1) The student must be in good academic standing. 2) The student must have successfully completed more than 10% of their overall program hours to be considered for grant funding.
7. These disbursements were made in compliance with regulations related to the CRRSAA and ARP (a)(1) and (a)(4) programs.
8. TRCOA informs students the Emergency Financial Aid Grant funds may be used for any component of the student's cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care), or child care. Funds are distributed via check written to the student (or parent depending on the student's dependent/independent status).
